Square	10"	80-90
Square	12"	100-120
Round	6"	20-25
Round	8"	35-40
Round	10"	60-75
Round	12"	85-100

For fruit cake portion sizes are generally 1" x 2.5" to be served at a wedding but you may wish to double this for other occasions.

Sponge Cake portions are generally served double the size of fruit cake.

Square cake provide more portions per cake than round.

If you are having more than one tier then add together the portions for each tier.

These tables should be used as a guide only as what some would consider a good sized portion of cake others might consider either too large or too small.
